Career Objective

Computer Science undergraduate skilled in MERN stack with Next.js, AI/ML and software development. Experienced in building responsive, scalable applications. Seeking a Web Developer role to apply technical expertise and create impactful solutions.

Skills

Technical Skills

- **Programming Languages:** Python, JavaScript
- **Frontend:** React.js, Next.js, Tailwind CSS, shadcn/ui, HTML5, CSS3
- **Backend & Database:** Node.js, Express.js, MongoDB, MySQL, Firebase
- **Tools & Platforms:** Git, GitHub, REST APIs, JWT, Cloudinary, Stripe
- **Problem Solving:** [LeetCode](#)

Soft Skills

- Quick Learning & Adaptability
- Time Management & Organization

Projects

1. PetConnect

[Live](#) | [Github](#)

Comprehensive platform for pet adoption, donation campaigns, and user management with role-based dashboards.

- Built a **full-stack adoption platform** with **JWT authentication** and **role-based access control**.
- Integrated **Stripe payments** and **Cloudinary uploads** for donations and media handling.
- Enhanced UX with **infinite scroll** and responsive design.

Tech Stack: React, Tailwind, Node.js, Express.js, MongoDB, Firebase, Stripe

2. Dine Manager

[Live](#) | [Github](#)

A restaurant management web app handling menus, orders, and customer engagement.

- Developed a **restaurant management system** for menu browsing and food ordering.
- Designed a **mobile-friendly, responsive interface** using React and Tailwind.
- Integrated secure user authentication and order management for smooth customer experience.

Tech Stack: React, Tailwind, Node.js, Express.js, MongoDB, Firebase

3. Quiz Pilot

[Live](#) | [Github](#)

Interactive learning platform offering category-wise quizzes, real-time leaderboards, and an AI-powered assistant.

- Developed an interactive quiz platform with category-wise quizzes and score tracking.
- **Created and integrated** a Gemini-powered chatbot assistant for user guidance and query handling.
- **Developed and deployed** real-time leaderboard analytics to increase user engagement.

Tech Stack: Next.js, Shadcn, Node.js, Express.js, MongoDB

Education

BRAC University – B.Sc. in Computer Science and Engineering

2023 – Present

CGPA: 3.53/4.00

Language

English – Advanced

Bangla – Native

Hindi – Spoken Proficiency
